

Appy Hour 2.0

Category: Technology

Whether you're a tech enthusiast, a productivity guru, or simply curious about the latest app trends, join us for an engaging and interactive webinar where we dive into the world of apps. In this session, we will explore a curated selection of apps handpicked by our hosts. We will be featuring a variety of apps during the webinar, with some being recommended for their practicality and excellence, while others have been selected to inspire interesting conversations and diverse viewpoints.

This blend ensures that our session will not only introduce you to valuable apps but also encourage engaging discussions and the sharing of different perspectives among participants.

Be ready to share your favorite apps with fellow participants and get inspired by new recommendations from others.

Self-Care Made Simple:

An Overview of Why
and How to Replenish

Category: Wellness

Self-care is so much more than a manicure or massage. It is how we restore, replenish, and nurture ourselves. It involves tough aspects like saying no, setting boundaries, assertive communication, as well as gentle restorative practices such as relaxation, laughter, and nourishing our soul.

Join wellness coach Laura Greco and learn more about taking care of yourself...for a change.

As a result of this program, attendees will:

- identify 3 benefits of practicing self-care
- name 4 self-care techniques

Libraries for All:

Accessible Library Services for Children with Disabilities and their Families

Categories: Advocacy & Children

Whether large or small, rural or urban, all library communities serve children with disabilities. Developing an awareness and understanding to the needs of kids with disabilities and their families is vital for providing relevant and impactful library services to all. This webinar shares ideas for programs, collections, and services that welcome and support kids with disabilities and their families.

As a result of this program, attendees will:

- Learn national statistics of disability prevalence in their communities
- Learn about the concepts of library accessibility, inclusion, and equity as it relates to children with disabilities
- Gather at least 5 library service ideas to support kids with disabilities and their families
- Learn at least 3 strategies to make their existing library programs more inclusive for kids with disabilities and their families
