

GRAY MATTERS

A BIOGRAPHY OF
BRAIN SURGERY

THEODORE H.
SCHWARTZ

A Virtual Discussion with famed neurosurgeon Dr. Theodore Schwartz

The cultural history of brain surgery as told by one of its preeminent practitioners

Brain surgery is a relatively new and mysterious profession, but neurosurgeon Dr. Theodore H. Schwartz pulls back the surgical drapes on this lifesaving specialty.

In this warm, rigorous, and deeply insightful book, Dr. Schwartz shows readers what it's like to hold the scalpel, wield the drill, extract a tumor, fix a bullet hole, and remove a blood clot—when every second can mean the difference between life and death.

**Wednesday,
August 14**

6:30 pm - 7:30 pm
