Seeing the World through economics with the help of the hosts of the NPR Podcast

Author Alex Mayyasi and the Planet Money co-hosts apply the latest research, experiments, and big data to our ever-changing world. Taking readers on adventures to a smartphone factory in Patagonia, a raisin cartel in California, and an Indigenous reserve in Canada that might just have a solution for the housing crisis.

PLANET MONEY shows how economics shapes our world, and how we can harness key principles to make our own lives a little richer.
