Call for presentations and posters at the UPRLC Annual Conference!

Do you have an interesting project or experience that you would like to share with others? The UPRLC Annual Conference is a great opportunity to network and share information and ideas with other librarians. Just fill in the simple proposal form with a brief description of your session.

The UPRLC Annual Conference registration fee will be waived for all those presenting a breakout session at the meeting. Each breakout session is approximately 45 minutes long, or if you prefer, share your project, service, or idea by creating a poster instead. Proposals are due no later than March 27th, and applicants will be notified later in April about whether or not their proposal has been accepted. Popular session topics include (but are definitely not limited to):

- Library Programming
- Technology in Libraries
- Marketing and Promotion Ideas
- Management and Budgeting
- Community Outreach
- Changing Role of Libraries
